

130th Chilliwack Exhibition

August 8-11, 2002

This was the first-ever combined CLASS Llama and Alpaca event in British Columbia. The classes were judged by Lorraine Guyn of Calgary, Alberta. Needless to say, as this was the first appearance by alpacas and llamas in the Exhibition's 130-year history, both the Fair management and general public embraced the animals with open arms (literally!)

Many thanks to CLAA and CABA for their support, and thanks go also to the efforts of the many volunteers who helped make the show such a success.
