What are Titles? A Brief Summary

Titles are a method of recognizing and celebrating the lifetime career and production successes in alpacas throughout Canada. Owners can apply to have titles added to the names and registration of their animals who meet the criteria for each title. The presence of these titles on a Canadian alpaca's registration records indicates to the public and to other breeders that this animal has displayed consistent qualities in their show and breeding careers to be honored in this way. As animals' careers progress, and as further benchmarks are met, additional titles can be applied for and added to that animal's records as a means of tracking and displaying its ongoing accomplishments throughout its lifetime.

Eligibility Requirements

To be eligible for registration of a title, an alpaca must first be CLAA registered and their owner must be an Alpaca Canada and CLAA member in good standing. To meet the criteria for each title, all class placements and wins must be earned in Alpaca Canada sanctioned events.

Current Titles & Title Criteria

Below you will find a list of titles and title criteria that Canadian Alpacas are currently eligible to earn. Please refer to this list as you select the titles you would like to apply for. Titles are broken into 2 categories: Show titles and Production titles. **Show titles** are earned by alpacas based on their placements in halter, fleece, and composite shows throughout their show career. **Production titles** are earned by alpacas based on their placements in production classes (Get of Sire, Produce of Dam) and the placements of their progeny in halter, fleece, and composite shows throughout their progeny's career.
